

RingCentral for Box

Securely send faxes and files from your Box account using the RingCentral service.

Now you can enjoy access to both RingCentral Office® and RingCentral Glip features directly from within Box. The RingCentral for Box integration app lets you call, fax, collaborate, or text files right your Box directory. It's never been quite this easy to share documents from your computer, mobile device, or cloud storage service—saving time and streamlining your business communications.

Features and benefits

RingCentral FaxOut

- Fax your Box documents with just a few clicks to up to 50 recipients.
- Add a cover page and custom message if desired.
- Link and collaborate using the RingCentral Mobile® app.

RingCentral Business SMS

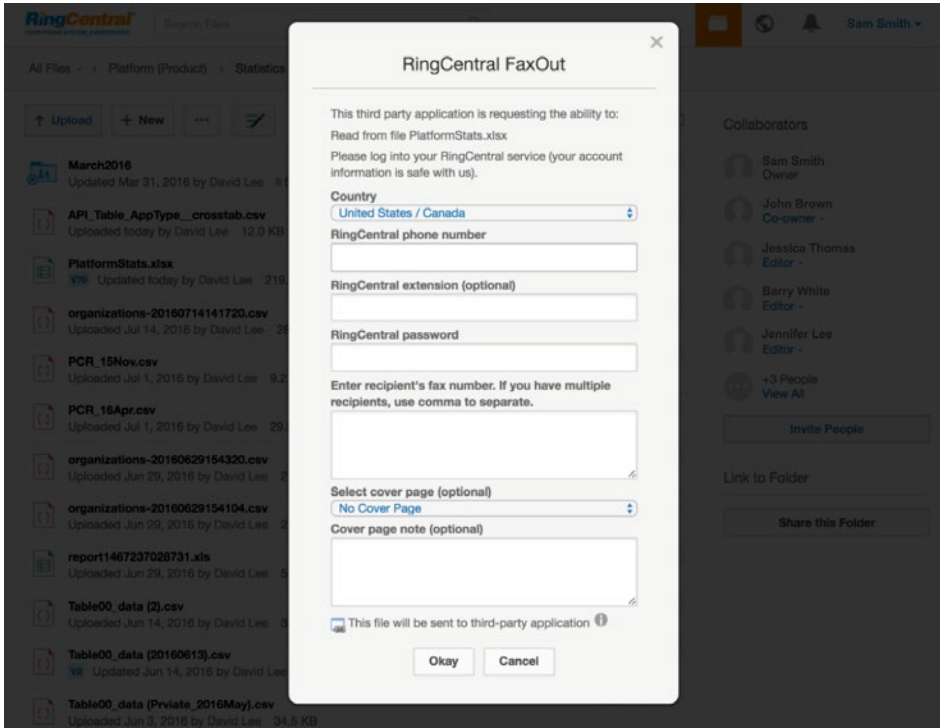

- Easily send an SMS message from within your Box account with a link to a shared file or folder.
- Quickly add a custom message if desired.
- Send Box content to up to 10 recipients via RingCentral Business SMS.

RingCentral Glip

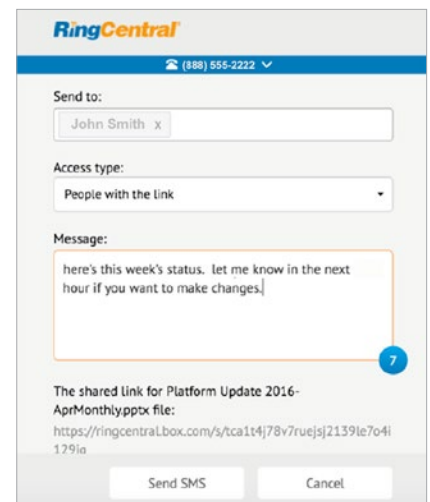

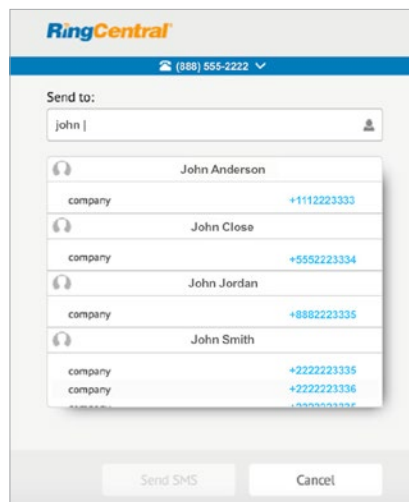

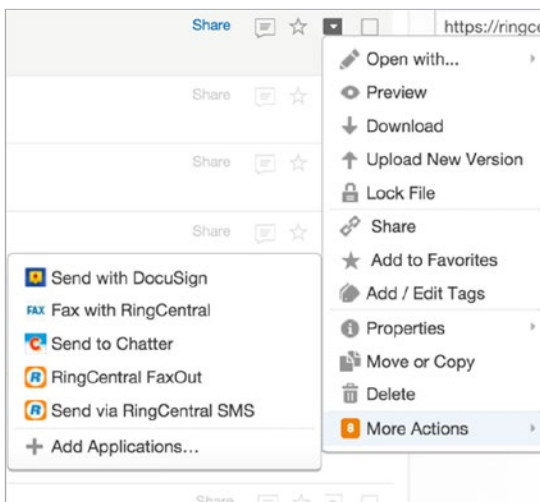

- Simplify sharing—just select your Box document and share directly from within the Box app using RingCentral Glip.
- Save time and ensure everyone has access to the most recent files—there's no need to upload a new file with each update.

How it works

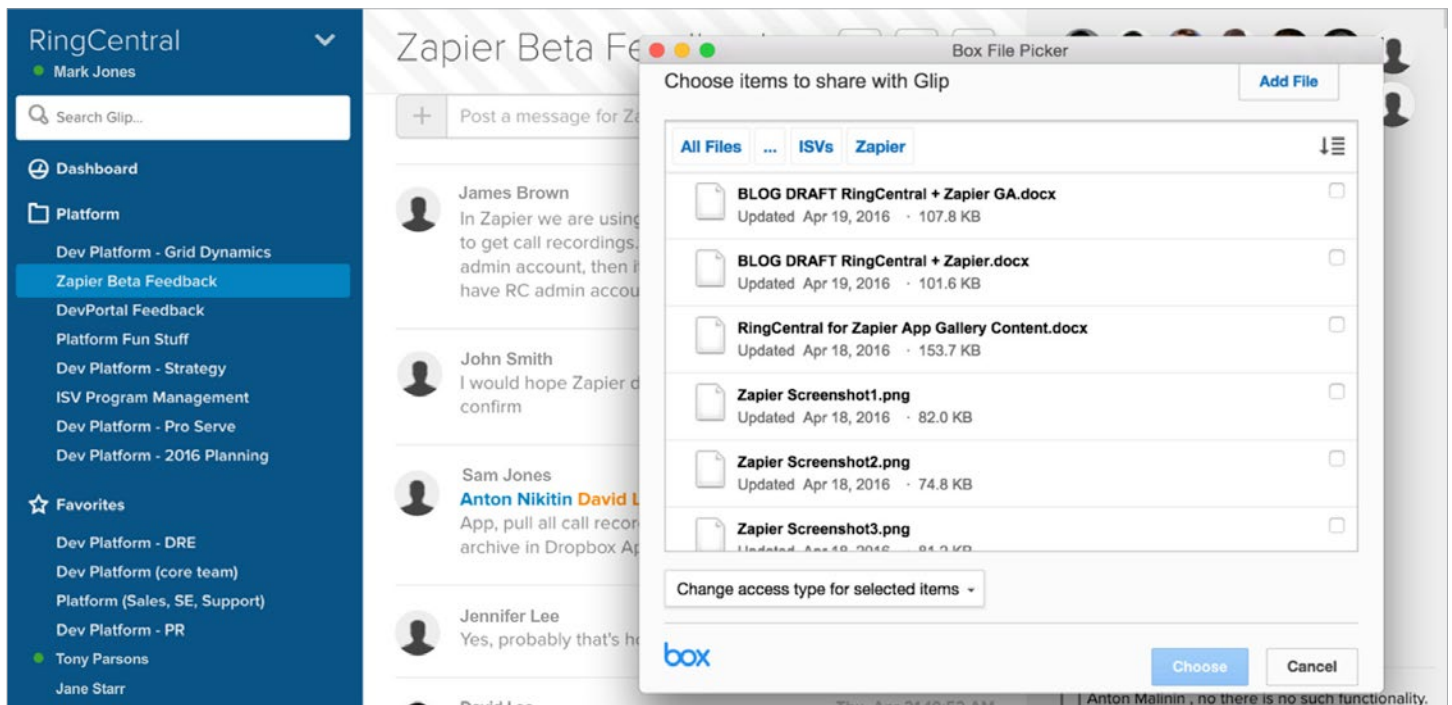

Fax Box documents via RingCentral FaxOut

Send Box file links via RingCentral Business SMS

Access the most updated Box content in Glip
