- Integrated with Microsoft Teams, Salesforce, Slack, and other business apps
- Integrated with phone and team messaging

¹Available for Chrome and Microsoft Edge browsers.

²RingCentral Video is available for free with RingCentral Office® Standard, Premium, and Ultimate editions in the US and Canada.

BENEFITS

Easy to join meetings:

Join from your desktop, browser, video, or mobile device—no downloads or plug-ins required. You can also join from a variety of different applications, including Google and Microsoft Calendar. Easier-to-join experiences mean that meetings get started on time.

Easy to schedule meetings:

With one click, the join information is automatically populated so it's easy to schedule even on the road—no downloads or plug-ins needed.

Powerful background noise reduction technology:

Automatically filter common sounds and shut them off. No more dogs barking, doorbells ringing, or loud keyboard typing!

Exceptional mobile experiences:

Join from any device. You can easily view and share content and participate in two-way HD video. And mobile scheduling is easy.

HD VIDEO CONFERENCING

Among current communications providers, RingCentral's long cloud history across voice, MOS, messaging, and meetings makes us ideally suited to build a meetings solution that addresses your concerns. RingCentral Video delivers a fast, smart, and open solution that distinctly fits today's agile workforce. It delivers an essential video meeting experience as part of our cloud-based, integrated RingCentral Office® solution, which includes team messaging and phone capabilities.

VIDEO MEETING ANALYTICS DASHBOARDS

Get a dashboard view of meetings usage across your organization, with the ability to drill down into user activities or network conditions affecting the video meeting. Real-time and historical in-meeting activity data provide help desk personnel, IT staff, and senior leadership the service intelligence they need to measure ROI, identify and solve problems, and make informed decisions.

Key metrics served include:

Quality of Service

- At-a-glance insights
- Meeting details
- Proactive monitoring and fast troubleshooting

Performance

- User, group, and department activity
- Meeting details
- Media usage visibility

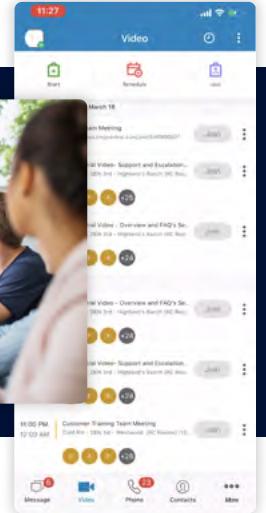

Adoption and Usage

- RingCentral products: Message, Video, and Phone
- Company, site, and department

JOIN FROM CONFERENCE ROOMS

RingCentral Rooms™ transforms your meeting spaces into dynamically enabled web conferencing destinations. Share presentations, documents, and other content wirelessly from your laptop. With Microsoft and Google Calendar integrations, rooms can be reserved for ad hoc or pre-scheduled meetings.

CONSISTENT AND UNIFIED EXPERIENCE

Built on the RingCentral platform, users enjoy a simple interactive experience that is seamless across RingCentral Video, RingCentral Rooms, RingCentral Message, and RingCentral Phone.

SYSTEM REQUIREMENTS

- RingCentral Office editions (US and Canada)
- Broadband internet
- iOS 10.0 or later, Mac OS X 10.6 Snow Leopard or later, Android 5.0 or later, or Windows 7 or later
