

# RingCentral Customer Analytics

Your contact centre.  
Your insights. Your way.

Create a data-driven culture where every employee can make better decisions, fast. With consolidated reporting and analytics from RingCentral, you can turn insights into results with data that is relevant, easy to consume and actionable.

## Turn insights into results

With insight at your fingertips, your options are limitless – you have the information you need to grow productivity, improve customer satisfaction and transform your business.

Now you can drive measurable improvements and deeply understand the customer experience

while taking advantage of historical and real-time information, easy customisation and simple and secure access to data. You can even tailor information based on your contact centre roles (executive, manager, supervisor, business analyst and agent) making RingCentral Customer Analytics both useful and easy to use.

Drive decisions with data.

Gain insights from every interaction.

Deliver actionable intelligence for everyone.

Get meaningful results immediately.

## Turn guesswork into precise work in your contact centre

### RingCentral Interaction Analytics

- Analyse every interaction to understand operational trends and agent performance.
- Detect dissatisfaction, even when customers don't tell you.
- Uncover what drives positive and negative business outcomes to continually improve performance.
- Mitigate risk by ensuring that legal and compliance procedures are being followed.

## RingCentral Reporting

- Get value out of the box with more than 90 prebuilt reports covering typical contact centre reporting requirements.
- Use custom reports to address your unique reporting needs with over 250 predefined metrics and fields.
- Provide external reporting systems, direct access to summary and detail-level data via a secure real-time connection.

## RingCentral Feedback Management

- Unlock detailed customer insights to identify opportunities to improve.
- Get better results faster with best practice solutions built in.
- Get a full view of the customer journey, going beyond just the call centre.
- Help agents see the total impact of their work with unfiltered feedback.

## Drive decisions with data

Improve the speed and outcome of decisions.

- Tackle the actual drivers of business outcomes, like customer satisfaction, to create lasting improvements.
- Increase profitability by focusing on the best areas to save or spend for bigger impact.
- Make sure everyone uses the most relevant data to make smarter decisions.

## Gain insights from every interaction

Use insights from unstructured customer interactions.

- Analyse every interaction to know where – and how – to improve.
- Boost agent performance by identifying improvement opportunities for individual agents.
- Detect and resolve non-compliant actions quickly before issues escalate.

## Turn raw data into lasting impact

Make data relevant and easy to understand, and keep it all secure.

- Provide data that is relevant to everyone's roles and clear to interpret.
- Access data directly in real time for use by business intelligence tools.
- Tailor reports based on your exact needs with point-and-click customisation.
- Keep security risks low while providing everyone the information they need.

## Get meaningful results immediately

Standard reports and dashboards, common user security profiles and integrated data sources from across RingCentral are ready when you are.

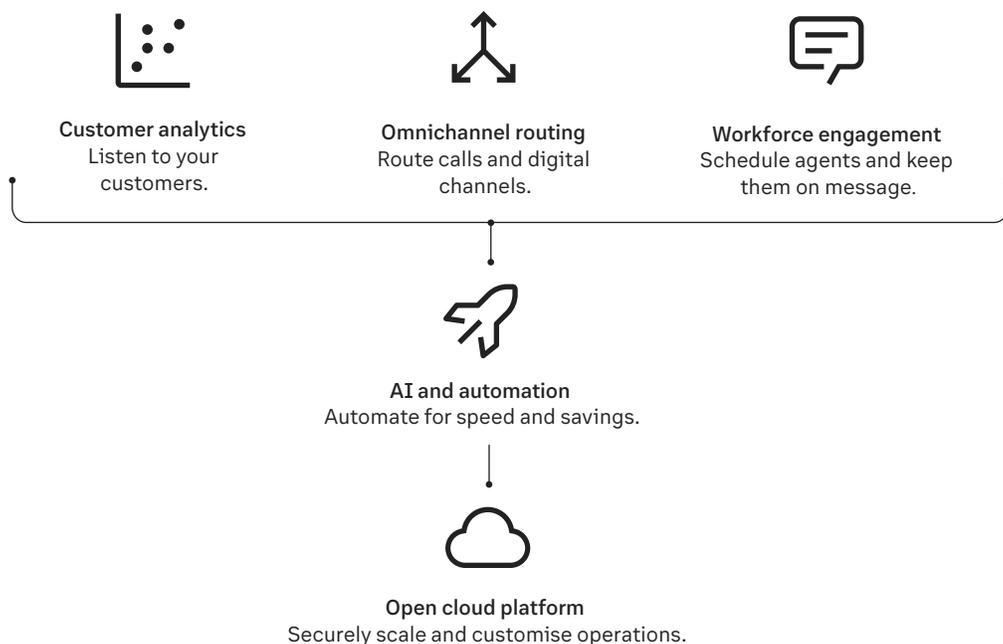

- **Gain value out of the box** with predefined reports designed to provide and share the contact centre performance metrics you need, with great visuals.
- **Lower administration costs** with users, security and other tasks centralised in a common portal.
- **Say goodbye to implementing and maintaining data connections** to third-party ACDs and other systems.

## Every great experience starts in your contact centre

Be first and stay first in your industry with RingCentral Contact Centre™. Now you can power expectation-defying experiences for your customers and employees using an integrated platform that unifies customer analytics, omnichannel routing,

workforce engagement, automation and artificial intelligence – all built on an open cloud platform. With RingCentral, moving faster and working smarter becomes your first advantage.

Only RingCentral delivers one unified experience, on one cloud native platform, along one proven path – all from one leader.

RingCentral, Inc. (NYSE: RNG) is a leading provider of business cloud communications and contact centre based on its Message Video Phone™ (MVP™) global platform. More flexible and cost effective than the on-premises PBX and video conferencing systems it replaces, RingCentral helps employees communicate across devices from wherever they are. RingCentral offers three key products. RingCentral MVP combines team messaging, video meetings, internet phone and other functionalities in a single interface. RingCentral Video™, along with its team messaging feature, enables Smart Video Meetings™. RingCentral Contact Centre gives companies the tools they need to connect with customers across channels. These are available on an open platform that integrates with hundreds of third-party apps and makes it simple to customise workflows. RingCentral is headquartered in Belmont, California, USA, and has offices around the world.
