

RingCentral Engage™

Manage all digital customer interactions via a single platform.

Overview

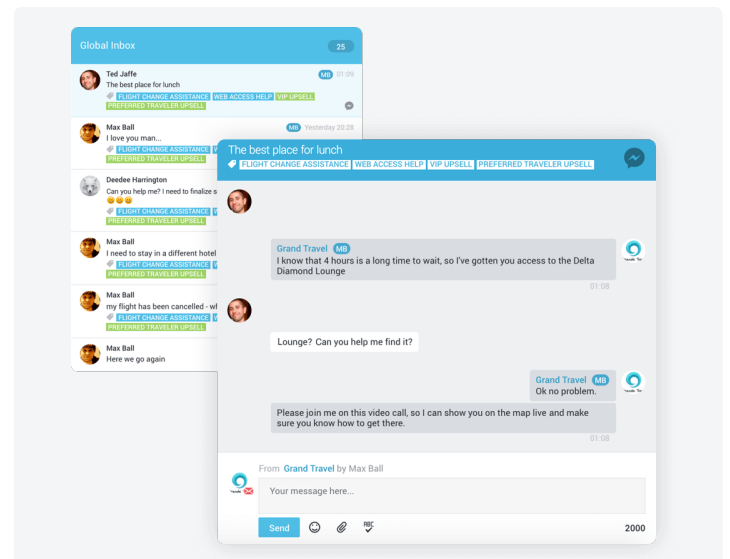

Consumers today expect to be able to interact with companies whenever and wherever they choose. That's why it's so critical for your business to offer customers support across the full range of available digital channels.

RingCentral Engage boosts customer satisfaction to increase revenue by providing a consistent, personalised experience across all channels. The platform empowers agents and reduces costs with a single, easy-to-use interface.

Treat all digital conversations equally

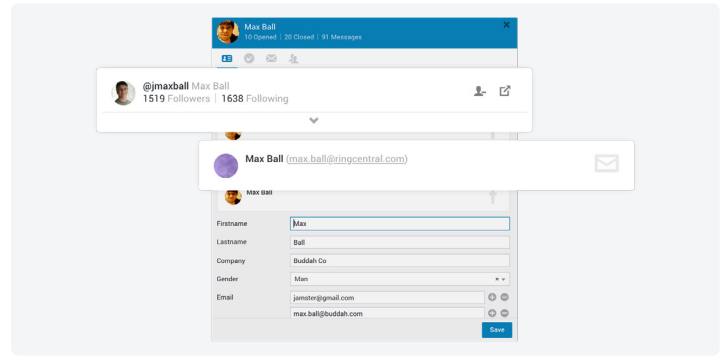

The RingCentral Engage platform makes it easy for companies to meet customers wherever they are online. Through a single agent desktop for all digital conversations, RingCentral Engage enables agents to provide a consistent user experience through:

- Unified user identities across multiple channels
- Deeply integrated reporting and analytics
- An AI-based smart routing engine

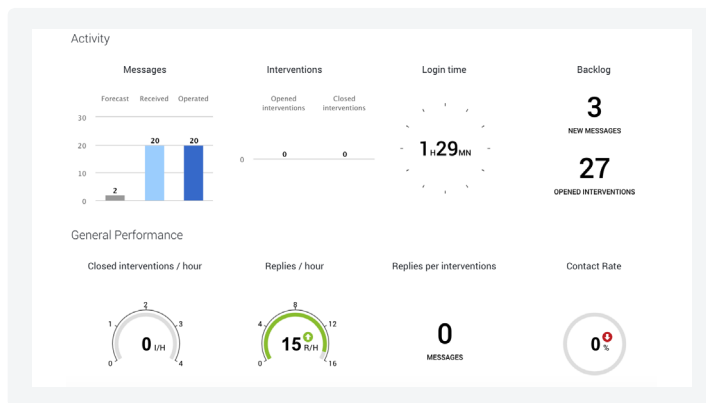

Merge multiple profiles to a single identity

RingCentral Engage makes it easy to merge disparate customer profiles from multiple interactions and channels into a single identity. By providing a complete view of customer interaction history, the platform improves first contact resolution. Integrated with CRM tools, the digital interaction platform creates a personalised experience for customers.

Monitor and optimise performance

RingCentral Engage helps to optimise digital service levels with actionable live analytics. Supervisors and business leaders can view metrics and reports across every channel to ensure consistent customer service.

Support customers on their channel of choice

Whether your customers choose to communicate via social media, live chat, mobile apps, or email, RingCentral Engage provides the tools necessary to support them.

The platform helps you better balance resources—and reduce the learning curve by utilising a single agent desktop across all channels, including:

- **Messaging:** Apple Business Chat, Facebook Messenger, WhatsApp, and others
- **Live chat and email response management**
- **In-app messaging:** iOS and Android
- **Social media:** Facebook, Twitter, YouTube, Instagram, etc.
- **Consumer review platforms:** Google My Business, Google Play, etc.

Seamlessly integrate essential business apps

RingCentral Engage provides open APIs, which easily integrate with leading CRMs and other backend systems, business process apps, reporting tools, chatbots, and AI systems.
