

RingCentral for Box

With RingCentral for Box, you can effortlessly archive voicemails, call recordings, and other important content right to your Box account. Or use it to send faxes and SMS messages directly from Box.

With the RingCentral Archiver integration, you can upload and store RingCentral call recordings in Box then easily access and share this content from any device. It's even possible to enhance your recordings with artificial intelligence (AI) through Box Skills.

Features:

RingCentral Fax®

- Fax your Box documents to up to 50 recipients simultaneously with just a few clicks.
- Add a cover page and custom message.
- Link and collaborate using the RingCentral app.

RingCentral SMS

- Send an SMS message from within your Box account with a link to a shared file or folder.
- Send Box content up to 10 recipients via RingCentral Business SMS.

RingCentral app

- Enjoy easy-to-use team messaging capabilities—just select your Box document and share directly from within the Box app.
- Save time and ensure everyone has access to the most recent files with version control.

RingCentral Archiver

- Archive voicemail, fax, call recordings, and SMS messages automatically.
- Access and share content easily and enhance call recordings with AI through Box Skills.
- Filter and view status reports and archival times.

Benefits:
